ABOUT THIS HOME

Enjoy coming home after a long day to our Fairway floor plan, exclusively available at our Park community in Logan, UT. Its open-concept floor plan gives you all the space you need with 3 bedrooms, 2.5 bathrooms, 2,190 finished square feet, and 3,209 total square feet. A bright, two-story family room flows into the dining and kitchen space. This location is ideal for socializing, eating, and lounging. A large pantry and kitchen island makes it easy for meal prepping and cooking dinner for the family. Conveniently off the kitchen, you'll find a powder bath, mudroom, and flex room. Not only does the flex room lead to an outdoor patio, but you can use it as a sitting area, space for shoes and coats, or more. Upstairs you'll discover a gorgeous view of your open to below family room from your loft. Turn your airy and bright flexible loft into whatever space fits your lifestyle most. A spacious owner's suite provides an owner's bath, walk-in closet, water closet, walk-in shower, and large vanity. Also on the second floor are two bedrooms, a bathroom, and a convenient laundry room. For even more space, you have the option to finish the basement with a large recreation room, bedroom, and bathroom. Turn the recreation area into a workout room, craft room, or home theater. Being both well designed and functional, this floor plan will be easy to call home.
