ABOUT THIS HOME

Let The Ironwood floor plan welcome you home with its open concept and functional design. Exclusive to The Park community in Layton, UT, the Ironwood features 3 bedrooms, 2.5 bathrooms, 2,137 finished square feet, and 3,017 total square feet. When you step inside, a closet off the entryway gives you the perfect spot to place your things—from shoes to jackets. The foyer then leads you to a family room, dining room, and kitchen. Plus, a large pantry in the kitchen gives you the storage you need. This open-concept floor plan is great for dinners, watching television, playing board games, and cooking. Off the garage are a conveniently located mudroom and powder bath. On the upper floor is a flexible loft space to turn into whatever fits your lifestyle most. Relax after a busy day in your spacious owner's suite and bathroom with the walk-in closet, walk-in shower, water closet, and vanity. You'll also find a bathroom, two bedrooms, and a laundry room. If you want even more livable space, you have the option to finish the basement with a recreation room, bedroom, bathroom, and storage. Transform the recreation area into a room you'll love spending time in—whether that be a game room, movie theater, playroom, or more!
