Garage: 2

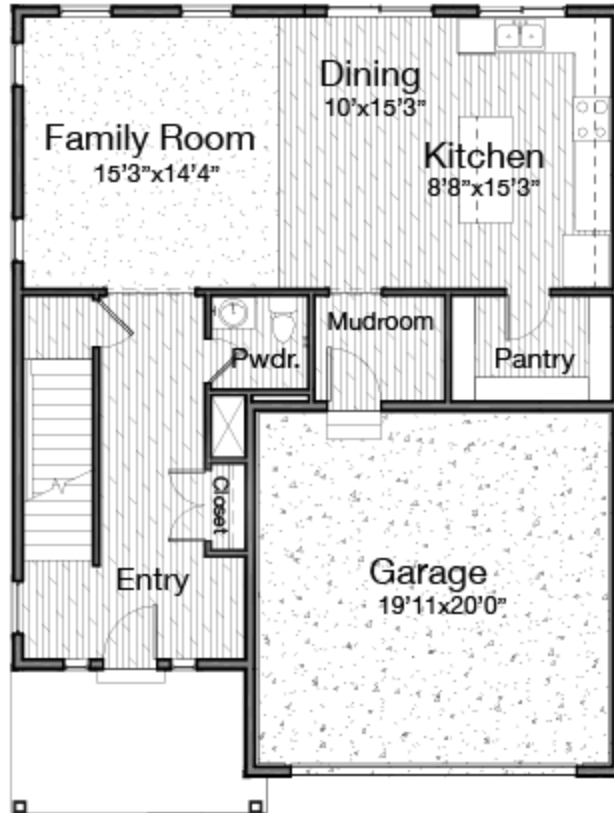

ABOUT THIS HOME

The Orion floor plan is exclusive to our Silver Creek community in Park City, UT. It showcases an open-concept design with 3 bedrooms, 2.5 bathrooms, 2,101 finished square feet, and 2,981 total square feet.

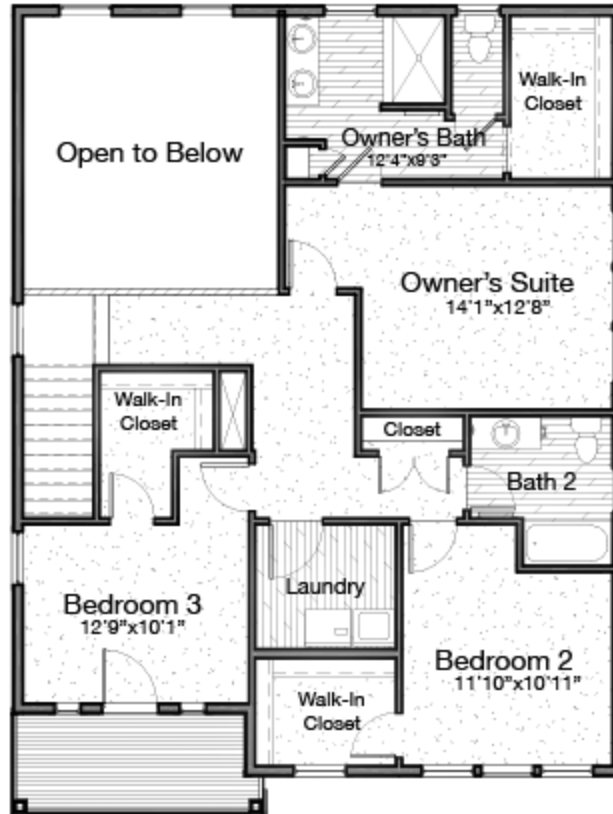

The kitchen and dining room area provides plenty of space for cooking and dining, and even includes a walk-in pantry. Relax and watch a movie with your family with the large, open to below great room. Your family has all the space they need with closets throughout the home and spacious walk-in closets in each bedroom. Particularly special to this floor plan is the patio attached to an upstairs bedroom. It's perfect for a peaceful morning reading, socializing with a loved one, or as a space for your outside plant collection.

You have the option to finish the basement for a large recreational room, bathroom, closet, and storage space. Turn your recreation area into the room you'll love most—whether that be for a movie lounge, children's playroom, craft room, or workout area.
