ABOUT THIS HOME

Enjoy living in our Vista townhome floor plan which features 3 bedrooms, 2.5 bathrooms, 1,665 finished square feet, and 2,310 total square feet for you and your family to have all the room you need to live your best lives. The main floor has an open-concept with a family room, kitchen, pantry, powder bath, and mudroom.

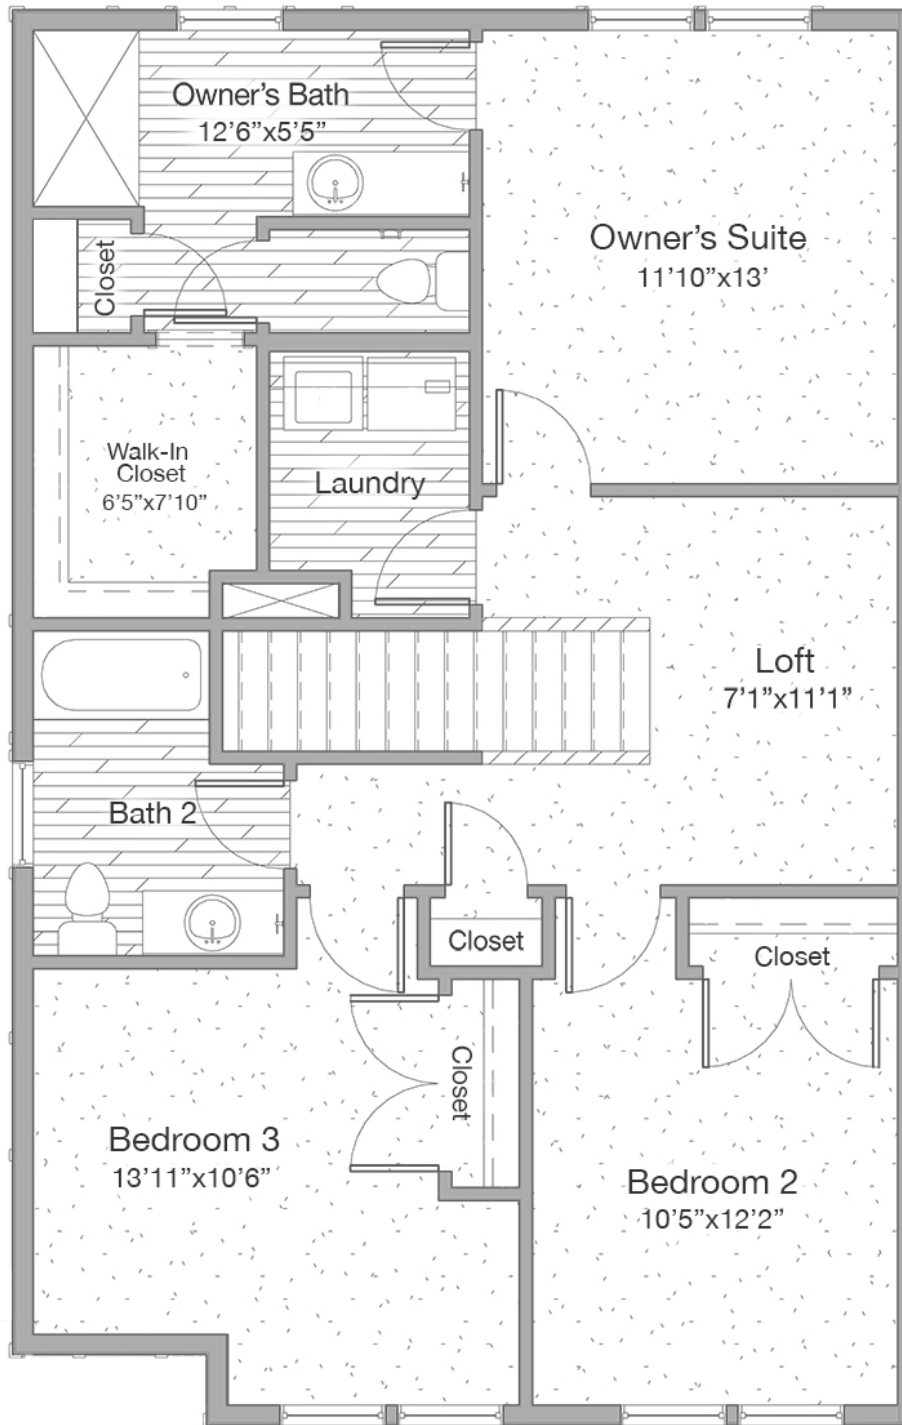

Upstairs on the second floor, you'll find a cozy loft, two spacious bedrooms, and a bathroom on one side; on the other, a convenient laundry room, and owner's suite with an owner's bath that includes a walk-in shower, double vanity, and walk-in closet.

If you want even more space, you have the option to finish the basement with a recreation room, fourth bedroom, and bathroom. Turn the recreation room into a room you'll enjoy most—whether that's a place to lounge and watch movies, a children's playroom, or a workout room. Also included in the basement is a mechanical room and additional storage space nearby for your convenience.
